Dear Parents and Students,

This list was put together in order to prepare you for the school year. Students will need these supplies the first week of school. Remember, unlike elementary school, your student will have 4 different teachers every day with different organizational strategies. We will help your student get organized when they are in the classroom with us on the first week of school!

Pro tip: Pick five colors of notebooks and the same five colors of folders. Then your student can color coordinate their supplies for each of their classes!

At the beginning of the year, we will also take classroom supply donations. Please keep us in mind while you are shopping!

If you have any questions, please feel free to contact me!
